## Frontend Developer (React / NextJS)

📍 Cairo, Egypt | ✉ ma7moudr3d4@gmail.com | 📞 +20-0106-9907-582 | 🐙 Github | 🔗 LinkedIn

### Summary

---

Frontend Developer specializing in React and Next.js, building responsive and accessible UIs with a focus on performance and scalability. Experienced in e-commerce platforms, component systems, and API integrations. Collaborative team player with strong problem-solving skills and attention to maintainable code. with analytical background.

### Experience

---

**Envaglo** — Frontend Developer (React/NextJS) Jun 2025 – Current

- Built and maintained an eCommerce dashboard using **React**, **NextJS**, **TailwindCSS**, and **shadcn/ui**, delivering responsive and accessible UIs.
- Implemented reusable component libraries and state management patterns (**Context API**), reducing development time.
- Integrated REST APIs and optimized performance by reducing bundle size and improving page load speed.
- Conducted code reviews, onboarded a junior developer, and established best practices for maintainability.

**NTG Clarity @ (markatty.com)** — Full-Stack Developer (React focus) May 2023 – Current

- Developed and maintained **React-based interfaces** for the company website, dashboard, and customer themes using **React**, **NextJS**, and **Bootstrap**, serving over 10,000+ monthly active users.
- Collaborated with backend engineers to integrate APIs, ensuring seamless data exchange and reducing API response handling errors by 40%.
- Partnered with designers to deliver modern, responsive user experiences across 15+ customer themes.
- Enhanced site performance and SEO by implementing server-side rendering (SSR) and lazy loading, improving page load speeds by 35% and Core Web Vitals scores.
- Maintained and extended markatty.com's platform with modern, scalable frontend solutions, reducing technical debt by 25%.

**Dealtio.com** — Frontend Developer Jun 2021 – Jul 2022

- Designed and developed responsive website and dashboard interfaces using **HTML5**, **CSS3 (Bootstrap)**, **JavaScript (ES6+)**, and **Laravel Blade**, serving 500+ daily active users.
- Built comprehensive CRUD functionality with RESTful API integrations, streamlining internal operations and reducing manual data entry by 60%.
- Implemented mobile-first responsive design principles and cross-browser compatibility, improving user engagement across devices by 45%.
- Collaborated with backend developers to optimize database queries and API endpoints, reducing page load times.
- Maintained code quality through version control (Git) and conducted thorough testing to ensure bug-free deployments.

### Projects

---

**Van Life** — React / JavaScript Live Demo

- Developed a React-based van rental platform with detailed listings and mobile-first design using **React 18**, **React Router v6**, and **Vite**.

- Implemented dynamic routing with protected routes, state management, and responsive design ensuring seamless functionality across all devices.
- Integrated **MirageJS** for API mocking, **React Icons** for iconography, and loading states with error handling for enhanced UX.
- Features include van filtering, detailed profiles with galleries, booking calendar, and user dashboard for reservation management.

**HH Shaker Website** - Laravel / Blade

hh-shaker.com.sa

- Developed a corporate website featuring dynamic company profiles, product catalog with filtering, and interactive contact forms.
- Built with **Laravel Blade templating** and responsive design using CSS Grid and Flexbox for optimal cross-device experience.
- Implemented SEO optimization and performance enhancements, improving search visibility and page load times.
- Collaborated with stakeholders to deliver the project on schedule, meeting all business objectives and client expectations.

## Skills

---

**Frontend:** React, NextJS, HTML5, CSS3, React Router v6, React Query, JavaScript (ES6+), TypeScript, Blade, SASS, Bootstrap, TailwindCSS, styled-components, shadcn/ui

**Tools:** Figma, XD, Git, GitHub, NPM, Webpack, Babel, Vite

**Backend/Frameworks:** Laravel, Django, Express, NodeJS

**DB / Query:** SQL, MySQL, PostgreSQL, MongoDB, RDS, S3, DynamoDB

**Testing:** Jest, React Testing Library

**Other:** RESTful APIs, Responsive Design, Agile/Scrum, Performance Optimization, SOLID, Design Patterns, Team Collaboration, Communication, Problem Solving

## Certifications

---

- Web Applications for Everybody
- Advanced CSS and Sass: Flexbox, Grid, Animations, and More! (Udemy)
- The Complete JavaScript Course 2025 (Udemy)
- Node.js, Express, MongoDB & More: The Complete Bootcamp (Udemy)
- Scrimba Frontend Developer Career Path
- Laracasts Laravel Path
- Scrimba Fullstack Developer Career Path

## Education

---

**Higher Technological Institute (HTI)** - B.Sc. in Computer Science

Sep 2019

- Cumulative GPA: 3.05 / 4.0

## Languages

---

- Arabic: Native
- English: C1
- Deutsch: B1
